MySQL	

WORK HISTORY

FULL STACK MOBILE DEVELOPER 08/2019 to 12/2022

Quantificare | Suwannee, GA- Remote

- Built key features of a mobile application including image filtering, masking and measurements, image uploads and patient data collection using React and Ionic for various healthcare studies
- Enhanced user experience by implementing intuitive mobile applications for iOS and Android platforms using Ionic.
- Experience creating and consuming RESTful web services using MySQL, Sequelize and Node.
- Developed customized software solutions for diverse clients, resulting in increased satisfaction and repeat business.
- Optimized application performance by writing tests using Jest, debugging and resolving technical issues in a timely manner.

SOFTWARE DEVELOPER 04/2016 to 08/2019

Penn Foster | Scranton, PA- Remote

- Built and transitioned reusable components to latest React versions
- Enhanced user experience by implementing user-friendly interfaces using React & Redux for an online high school and college.
- Improved software efficiency and performance optimization by troubleshooting and resolving coding issues.
- Collaborated with cross-functional teams to deliver high-quality products on tight deadlines.

EDUCATION

Computer Science School - JavaScript 12/2015

Galvanize Code School, Boulder, CO

Bachelor of Science | Kinesiology/Rhetoric 05/2014

University of Texas, Austin, TX

LEARNING NEXT

• Next.js • React Native
